

Meal Plans include two components

Meal Swipes and FLEX

MEAL SWIPES can be used three ways:

- **Swipe Access** to Boozel, all-you-care-to-eat Dining Hall
- **Meal Exchange** lets you convert a swipe for a pre-determined meal at locations such as Boozel Express, Weisenfluh locations, Starbucks, Rocky's Food Court, Quaker Steak & Lube, and Starbucks We Proudly Serve in the library. There is a 10-minute wait between swipes.
- **Meal Equivalency** allows you to convert a meal swipe for a set cash credit amount, currently \$6.40, at most locations for select items. Certain retail items, which are clearly marked in the dining locations, are not eligible for cash equivalency.

Meal Plan members must let the cashier know how they would like to pay for their purchases. Only one meal swipe may be used at a time, and only one swipe per transaction is permitted in all retail locations. Five swipes may be used a day. There is a 10-minute wait between swipes.

FLEX FUNDS are used like a gift card to purchase items at any food service location. Flex can also be used to pay at the door for entrance into Boozel Dining Hall if you don't have meal swipes left or want to treat a friend

**Weekly meals begin Monday morning and end Sunday night.
Weekly meals do not carry forward week to week.**

Five swipes may be used a day, one per transaction.
There is a 10-minute wait between swipes.
